

Dear Families,

'Tis the season for candy, candy, and more candy! Everywhere you look you can find it... As part of our year long study of environmental print, we're asking for your help in turning candy into a teaching tool! Please save any wrappers you can from candy treats you may buy/receive this month. Fill up the attached bag and return it by Friday, October 24. We will use the candy wrappers in some of our literacy activities the following week. Thanks for your support (and happy eating! 😊)!
